News Story

Sanitation Suction Hose offers non-rubber alternative.

March 25, 2005 - Yellow Jack hose, rated for full vacuum, features interlock construction for combination of flexibility and kink- and crush-resistance. Smooth interior is constructed from EVA/Polyethylene co-polymer, and heavy-duty external wear rib provides protection against abrasion. Molecular bonding process used in construction eliminates possibility of delamination of separate layers. Available 1½-4 in. dia, hose has temperature rating from -40 to +140°F.

Press Release

Release date: March 9, 2005

Yellow Jack Thermo-Plastic Sanitation Suction Hose

Richmond Hill, ON – The Novaflex Group has set the industry benchmark within the sanitation hose market with their Yellow Jack Thermo-Plastic Sanitation Suction Hose. The inherent design of this hose offers a much lighter and versatile alternative to heavy and awkward rubber offerings, while still maintaining excellent durability. Yellow Jack's unique "interlock construction" allows for extreme flexibility and unparalleled kink and crush resistance. This advanced hose combines an incredibly smooth interior constructed from an EVA/Polyethylene co-polymer providing for optimized flow efficiency along with a heavy duty external wear rib for superior abrasion protection. Novaflex's Yellow Jack Thermo-Plastic Sanitation Suction Hose is constructed using a molecular bonding process which eliminates the possibility of delamination of separate layers due to adhesive deterioration and/or typical wear and tear and is rated for full vacuum. Applications include; liquid transfer –

High Purity Fluid Transfer Components

Integra Companies Inc.
Sanitary Hose Products

Integra offers a full range of sanitary and commercial grade hose products and fittings for a variety of applications

- Smooth Bore Fluoropolymer Stainless Braid
- Low Profile Convoluted Fluoropolymer Stainless Braid
- Translucent Non-reinforced Sanitary Silicone
- Nomex Braid Reinforced Sanitary Silicone
- Fluoropolymer Lined Chemical Transfer Hose
- Open Pitch Convoluted Fluoropolymer Stainless Braid
- Multi-ply Nomex Sanitary Silicone
- Multi-ply Nomex w/Wire Sanitary Silicone
- Fluoropolymer Lined Metal Hose
- Chlorine and Bromine Transfer Hose
- Food Grade Rubber Hose
- Sanitary Brewer's Hose
- Sight Tube
- Cryogenic and Metal Hose
- Industrial Hose
- Hose Cover Options
- Fittings for every application
